Powering SMART Decisions

Chronic Care Management Based on Cognitive Analytics

*Value Based Care services powered by Care Concierge and Care Advisor**

With collaborator Cognitive Scale, Care Concierge will enable health systems to transform the delivery of health care to consumers and care providers through the application of cognitive cloud technology.

The application will leverage Cognitive Scale's health care Cognitive Cloud platform and is designed to enable patients and care organizations to improve the quality of care and foster on-going engagement with patients resulting in healthier population and lowered health care costs.
